SAPA COMMITTEE NEWS

**Membership Update**

Refer a friend, enter to win!

SAPA would like to encourage you to invite psychologists to join our wonderful association. If you refer someone and they join, you will be entered in a drawing to win a gift certificate to a Tucson restaurant.

Thank you in advance for spreading the word about SAPA to the Tucson Psychology community! Know lots of people you think would like to join? GREAT! The more people you refer, the better your chances to win!

**Communications Update**

The Communications committee would like to ask SAPA members for feedback about the SAPA listserv and the way members communicate and share news with each other. Specifically, we are considering changing the current manner in which members send out news, updates, job postings, info about workshops, and other professional information to other members. Please read below for a brief description about the current and proposed processes of member-to-membership communication and let us know which you would prefer so we can make an informed decision. **Currently:** SAPA members can currently send an email to [sapaweb@gmail.com](mailto:sapaweb@gmail.com) for it to be manually included into a monthly (sometimes biweekly) digest or for it to be sent out manually by communications committee to the membership.

**Proposed:** A moderated listserv in which SAPA members can freely send referrals emails, job postings, office space, upcoming trainings/workshops, and other professional information to membership without the communications committee having to manually review and send those emails. SAPA members would be able to select digest options from daily digest to weekly digest to reduce the amount of daily email. In addition, because the list would be moderated, permission to send out to membership can be limited to any listserv member consistently sending out inappropriate emails in order to keep listserv for professional matters and reduce unwanted emails in out inboxes.

Please send your votes/preference to [sapaweb@gmail.com](mailto:sapaweb@gmail.com) or simply reply to this email with your preference.
